

Online Course

Achieve and sustain classroom success through **Teaching Fundamentals for New College Instructors** which provides an in-depth examination of five core principles of college teaching.

Course Length: 20-25 hours

Course Access: The course enrollment will expire one year from date of purchase.

Teaching Fundamentals for New College Instructors

Learning Goals:

At the conclusion of **Teaching Fundamentals for New College Instructors**, participants will have gained the knowledge and insight to:

- Understand four curriculum ideologies and their differences
- Learn five learning theories and their differences
- Define the educational theory of Backward Design
- Analyze effective types and qualities of good learning outcomes
- Determine appropriate assessments of learning outcomes
- Implement five keys to organize your course: alignment, order, clarity, logic, and consistency
- Apply the seven hungers of learners
- Learn 12 principles for resonance, relevance, and remembrance of your class presentations
- Utilize practical forms of student participation in a lecture presentation
- Plan five go-to activities in any lecture setting

Who Will Benefit From This Course:

- Faculty
- Educational Developers

Teaching Fundamentals for New College Instructors presents five fundamentals for effective teaching, regardless of background or discipline:

- efficient and effective course design,
- meaningful student participation in learning,
- engaging teaching methods,
- clear and fair assessments,
- and connecting with students.

While you chose teaching because of your love of (and expertise in) your discipline, many educators haven't received thorough guidance in pedagogy, course design, effective delivery, or even how to help students succeed. Get the five fundamentals that every teacher needs for success!
